

Body of Knowledge Review Series 2nd Edition Financial Management (Medical Practice Management Body of Knowledge Review Series)

This book is dedicated to reviewing each task associated within the Body of Knowledge for Medical Practice Management Second Editions Financial Management domain, which like the other seven BOK domains, demands an orientation toward and the mastery of leadership skills, professionalism, communication, and critical thinking skills. The medical practice executives role requires proficiency and aptitude, which is critical for the success of both the practice executive and the medical practice.
