

Monsters & Aliens From George Lucas

Some of the most bizarre monsters & aliens ever seen populate the films of George Lucas, creator of the Star Wars trilogy. Here are portraits & descriptions of a never-before-assembled group of Lucas eeriest strangelings & other-worldly beings. Sometimes beautiful, sometimes horrifying, & often hilarious, the 31 full-color images presented in this book are drawn from paintings of creatures seen in Lucasfilm movies, artists renderings of oddballs not yet built, film stills, & photos. The text is an amusing compendium of interesting personal data in the form of diary entries, recipes, resumes, want ads, & weight-training routines. Sufficiently witty, sophisticated, & engaging for adults, this book is scary enough for any child.
