

# Peace-Building by, between, and beyond Muslims and Evangelical Christians

This timely work addresses sensitive issues and relations between Muslims and Christians around the world. The book uniquely captures the opportunity for Christians and Muslims to come together and discuss pertinent issues such as pluralism, governance, preaching, Christian missionary efforts, and general misperceptions of Muslim and Christian communities. Joint authorship and discussion within the book is used to offer dialogue and responses between different contributors. This dialogue reveals that Christians and Muslims hold many things in common while having meaningful differences. It also shows the value of honestly sharing convictions while respecting and hearing the beliefs of another.
